### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Cynthia Clay, Esq. on March 22, 2004. Applicants reserve the right to file a continuing application to cover the subject matter covered by the claims cancelled hereinbelow.

The application has been amended as follows:

#### IN THE CLAIMS:

Cancel claims 9—16 and 18.

2. The following is an examiner's statement of reasons for allowance:

Claims 1-8 and 17 directed to the personal cleansing composition which requires from about 0.1% to about 30%by weight of a silicone resin copolymer as a condensation product of a diorganosiloxane fluid such as a hydroxyl-end-blocked diorganopolysiloxane. and an organosiloxane resin, and related method of use, are deemed allowable over the prior art of record, the most pertinent of which US Patent 5,710, 113 to Wells which relates to hair conditioners containing silicone fluid and silicone resins but silent as to the condensation product as defined above, in that this

art does not disclose or suggest, individually or in combination, the subject composition and method of use as defined by these claims. Claims 1-8 and 17 stand allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
